

# Pedestrian Crossing Murals

The pedestrian crosswalk murals highlight areas of the road where there are a high number of children cross a street to/from school. The mural promotes safety at the pedestrian crossing, and also improves community identity. Contact beautifulPB for more information at [info@beautifulpb.com](mailto:info@beautifulpb.com).

Photos above of a completed pedestrian crossing mural at the intersection of Diamond & Haines Street, 9/20/14, coordinated and sponsored by beautifulPB.
